I haven't read this yet but I'm assuming her question about submitting in response to the 120-day letter or the docket, she means as a public comment or as a state response since they have different deadlines. Both public comments and state responses go into the docket, right?

Doug,

Attached is a draft letter in response to your 120 day letter initial recommendations for designation. In addition to your overall review, I'd like direction on whether we are submitting this in response to the EPA docket, the 120 day letter or both. The first paragraph assumes both and so is a bit unwieldy.

I do not have the attachments in this document. You have the Sept. 7 documentation already. AO hopefully signed tomorrow.

If you can provide my comment at your earliest convenience tomorrow, I would appreciate that.

Thank you!  
Mary Jean
